HoneyLion is a small christian stationery company located in San Luis Obispo. We sell a number of stationery products including journals, stickers, wash tapes, decorative paper, and more. These products are not only fun and colorful, they are inclusive of our values as a company and allow all of our customers to show off their love for God and for His Word.

Matthew 22:37-40
(NIV)

The inspiration for our company came from a combination of a love for God and a desire to see that love combined with some of our favorite things: stationery and journaling.

Who is our audience?

Our audience is anyone with a love for God and an appreciation for stationery and organization. We work to keep our quality high and our prices low as to make the HoneyLion stationery available to as many people as possible. And while we ship our stationery all over the world, our heart remains with our shop and local community here in San Luis Obispo.
